**Instructions:**

Mark all that apply (prices according to price list on the following page):

In case of a volume-related procedure (adjustment, maintenance, repair), do you require an additional certificate with values in as-delivered condition? **(Recommended in accordance with DIN EN ISO/IEC 17025 for DAkkS calibrations)**

yes  no

**Repair:**

Repair (for BRAND equipment, if necessary)  
(Please describe the detected defects in the table below.)

yes  no

Repair without cost estimate possible until:

50 €  
 75 €  
 100 €  
 Always prepare cost estimate

**Calibration:**

Type of calibration:

Factory calibration  
 DAkkS calibration  
 No calibration requested

Maintenance and cleaning (for BRAND equipment, before calibration)

yes  no

Reminder service: Would you like us to remind you when equipment is due for the next calibration, in accordance with your requirements? (If yes: please note the desired calibration cycle in the table below)

yes  no

We recommend that calibrations be carried out using original manufacturer consumables.  
 For devices from other manufacturers, please send us a sufficient quantity of any consumables to be used (e.g. pipette tips).
